

Notice: Water and Sewer Rate Adjustments Effective January 1, 2024

MUD 1

Effective January 1, 2024, the typical* residential customer water bill will increase about \$6 per month to offset the rising costs of the equipment, supplies, energy, and labor needed to provide water and sewer services. Retail water and sewer rates have increased 6% since 2019, compared to a 19% inflation rate over the same period (U.S. Department of Labor and Statistics).

The rate adjustment is based on the following:

- a water rate increase of \$0.15 per thousand gallons
 - from \$1.70 to \$1.90 (0-3,000 gal)
 - from \$2.80 to \$2.95 (4,000-15,000 gal)
- a sewer base fee increase of \$1, from \$2.00 to \$3.00
- a sewer volume fee increase of \$0.62 per thousand gallons, from \$5.53 to \$6.15

** The typical residential customer uses 10,000 gal of water a month and has an average sewer volume of 6,000 gal a month.*

The MUD tax rate for the typical residential customer has decreased 3% from 2022.
